

BUV SHUTTLE BUS OPERATION INSTRUCTION

Updated on July 23rd, 2024

I. GENERAL INFORMATION, RULES AND REGULATIONS:

These regulations are created to ensure the safety and security of BUV students and staffs. Everyone should read the shuttle bus regulations. Failure to comply with the regulations may result in suspension or termination of bus service for individuals for a period of time.

1. BUV currently provides a transport service from Hanoi to BUV campus and vice versa which is operating from 6:45 AM to 7:30 PM.
2. BUV bus is a service between predetermined collection points and as such does require passengers to travel to a collection point. There is no private pick-up point applied. Any associated parking costs and arrangements are the users' responsibility.
3. BUV buses only pick up and drop off passengers at the designated points.
4. BUV buses will depart at the scheduled times and do not wait for latecomers. Passengers are highly advised to arrive 5-10 minutes before departure time.
5. BUV students and staffs are required to wear BUV ID Cards when using the bus, other passengers who wish to use the bus should present an invitation email or document from BUV representatives.
6. Number of buses for every time slot is estimated and arranged based on the number of students attending classes at the nearest class time, in case there is a shortage of buses due to the inconsistent and unexpected bus usage routine of students, seats are allocated on a first come – first served basis and students will be prioritized over staff members.
7. Weekly bus schedule will be released on every Friday of the previous week. Students should keep an eye on their mailbox to get the most updated bus schedules. Should there be any changes, notice will be announced at least 1 day in advance.
8. BUV bus operates with 29-seater coaches, each of which should only transport a maximum of 29 passengers including the bus driver. Under no circumstances are more than 29 people allowed on a vehicle.
9. BUV reserves the right to cancel any bus route or bus slot if the number of users is constantly recorded as too low.
10. BUV students and staffs are strictly prohibited from carrying dangerous and flammable goods into the vehicle.

II. BUS IMAGE

1
